Servers

Bartender and Servers **\$20/hour**

You may NOT hire your own bartenders and servers, the Inn must provide all bar staff. The elaborateness of your bar will be the final determination for how many bartenders you will require. Typically, one bartender for every 50 people is required. If you would like table service or passed drinks during the event, several servers may be required in addition to the bartender.

Glassware

The Inn can provide beer, wine, water and cocktail glassware for up to 40 guests for \$1 per piece. For groups over 40 guests, glassware rental can probably be most affordably provided through your caterer.

Commitment to Responsible Drinking

We are committed to ensuring your guests enjoy their experience during the event while consuming a safe amount of alcohol. Our bartenders and servers are required to serve responsibly. Please be aware that we reserve the right to refrain from serving anyone who is intoxicated. Any outside alcohol being consumed on the property during your event is strictly forbidden. There will be \$150 fine per incident.
